EDUCATION

A.P.ShahInstituteofTechnology(MumbaiUniversity)

Bachelor of Engineering (B.E.) in Information Technology

- Current SGPA: 8.86

Thane

July 2023 – Present

Bunt'sSangha'sS.M.ShettyCollege(Maharashtra Board)

Higher Secondary Certificate (HSC) – Class 12

- Percentage: 67%

Mumbai

June 2022 – March 2023

PROJECTS

Silver Jewellery E-Commerce Website | HTML, CSS, JavaScript

- Developed a responsive e-commerce platform with dynamic product listing, filtering, and modern UI design
- Optimized user experience through intuitive navigation and performance-focused frontend structure
- Implemented reusable components and responsive layouts for cross-device compatibility

Project Link: [\[Add your GitHub repo link\]](#)

SpaceY | Python, JavaScript, Three.js, APIs

- Developed a 3D interactive platform to visualize space mission data using Three.js for immersive user experience
- Integrated real-time APIs to dynamically render mission details, trajectories, and space objects
- Built analytical dashboards combining data visualization with interactive storytelling

Project Link: [\[Add your GitHub repo link\]](#)

Career-Pulse (AI-Based Career Guidance System) | Python, Flask, SQL

- Developed a web-based platform providing personalized career recommendations using data-driven logic
- Designed structured workflows and intuitive UI for seamless user interaction
- Implemented backend logic for scalable recommendation generation and efficient data handling

Project Link: [\[Add your GitHub repo link\]](#)

Neurodiverse Assistance System | React, Node.js, MongoDB

- Built a socially impactful platform tailored for individuals with Autism and ADHD, focusing on cognitive ease and simplicity
- Designed intuitive workflows and simplified UI to reduce decision fatigue and assist users with daily routines
- Integrated game-based learning modules and interactive sessions to support cognitive development and user engagement

Project Link: [Rehanshaikh0610/C-NeuroDiverse](https://github.com/Rehanshaikh0610/C-NeuroDiverse)

DevOps Club Official Website | React, Firebase

- Developed and deployed the official club website to manage events and resources for the student community
- Established CI/CD pipelines for seamless updates and continuous deployment
- Optimized site performance, responsiveness, and SEO for better reach and usability

Project Link: [\[Add your GitHub repo link\]](#)

AI/ops Log Anomaly Detection System | Python, Apache Kafka, Apache Flink, Isolation Forest, Autoencoder

- Developed a real-time log monitoring system to detect anomalies in large-scale system logs
 - Integrated Apache Kafka and Apache Flink for efficient real-time data streaming and processing
 - Applied machine learning models such as Isolation Forest and Autoencoder for accurate anomaly detection
 - Enhanced system reliability by identifying unusual patterns and potential failures
- Project Link: *[Add your GitHub repo link]*

TECHNICAL Skills

Languages: Java, Python, C/C++, JavaScript
Frameworks & Libraries: React, Node.js, FastAPI
DevOps & Tools: Git, GitHub, Docker, Jenkins, Ansible
Databases: MySQL, MongoDB, PostgreSQL
Cloud & Deployment: Vercel, Netlify, Cloudinary, AWS (Basics)
Operating Systems: Ubuntu, Windows, CentOS
Security & Networking Tools: Wireshark, Nmap, Firewalls, IDS, Hashing Techniques

ACHIEVEMENTS & COMPETITIONS

2nd Prize Winner – Prakalpa 26 | KJ Somaiya School of Engineering

- Secured 2nd place at a national-level competition among multiple institutions
- Presented “**SpaceY**” – a **3D Space Data Analytics Platform**, highlighting advanced visualization and system design

Certificate Link: [Prakalpa Certificate link](#)

Google Developer Groups Solution Challenge

- Earned Certificate of Achievement for developing an innovative solution aligned with real-world problem statements

Certificate Link: [GDG Certificate link](#)

Top 10 Finalist – Webathon | Saboo Siddik College of Engineering

- Ranked among top 10 teams for developing a web-based solution under competitive conditions

Certificate Link: [Webathon Certificate link](#)

Top 10 Finalist – Innovation Challenge | SIES Graduate School of Technology

- Selected among top 10 teams for innovative project development and presentation

Certificate Link: [SIES Certificate link](#)

POSITIONS OF RESPONSIBILITIES & LEADERSHIP

Publicity Head / Social Media Manager | DevOps Club APSIT - July 2025 – Present

- Managed and scaled the club’s presence across LinkedIn, Instagram, and WhatsApp, increasing engagement and outreach
- Planned and executed content strategies for technical events, workshops, and community initiatives
- Coordinated with multiple teams to ensure consistent branding and effective communication

Technical Speaker – React Session | ITSA (IT Student Association)

- Conducted a hands-on React session covering fundamentals, component-based architecture, and real-world implementation
- Simplified complex frontend concepts, improving peer learning and engagement

Event Management & Coordination

- Organized and managed multiple college-level technical and non-technical events
- Handled logistics, team coordination, and execution under tight deadlines
- Demonstrated leadership, teamwork, and problem-solving skills in dynamic environments

Certifications

Cloud & Data Engineering:

- [AWS Academy Cloud Foundations](#)
- [AWS Academy Data Engineering](#)
- [AWS Data Engineering Virtual Internship](#)

Programming & Development:

- [Oracle Java Foundations Certification](#)
- [Oracle Database Foundations Certification](#)
- [Google Android Developer Virtual Internship](#)
- [Google AI/ML Virtual Internship](#)
- [HackerRank Certification \(Problem Solving Python\)](#)

Networking & Cybersecurity:

- [Cisco Linux Essentials Certification](#)
- [Juniper Networking Certification](#)
- [Juniper Networking Virtual Internship](#)
- [Palo Alto Cybersecurity Virtual Internship](#)

Process Mining & Analytics:

- [Celonis Process Mining Fundamentals](#)
- [Celonis PQL \(Process Query Language\) Certification](#)
- [Celonis Data Integration \(Get Data into System\) Certification](#)

Courses & Additional Training:

- [Python Course – Spoken Tutorial, IIT Bombay](#)
- [Java Training – Spoken Tutorial, IIT Bombay](#)
